<b>Narrative:</b> On August 12, 2024, I D.O. Anna Bryan DID#1733 was assigned to 6 North on Team C 7 pm-7 am shift. While assisting Team A with morning head count starting in 6 North Zone 100, I noticed inmate Smith Aaron BK#2217981 standing on the top tier by his door cell 118 with his shirt off and something silver sticking out of his right hip. I then immediately informed D.O. Jones who was conducting count on the bottom tier. I also informed Jones that inmate Smith threatened to spit on me when he got out of his cell the night before on August 11, 2024. Jones continued her count while I then requested Deputy J. Gullford to assist me with a frisk search on inmate Smith. While frisking inmate Smith a total of 5 shanks (handmade weapons) were retrieved from inmates Smith's body all around the waist of his pants stuck on the inside of his underwear. While frisking inmate Smith he stated the reason he has shanks is for his protection against others. Inmate Smith also stated he has more where that came from and can buy more, so I then shook down his cell 118. Found on the top bunk underneath the mattress was another shank (handmade weapon), and on the counter a long black hard cord, and in the bottom right cubby was a small white pill. All items found was retrieved and brought to the watch command. Watch command was immediately notified. Due to my Fulton County issued Body Camera being dead D.O. C. Buggs recorded the cell search.								
<b>End of statement.</b>

<b>Evidence:</b>							
<b>Narrative:</b> On August 10, 2024 I Deputy D. Jones DID #3812 was assigned to 5 South as the floor officer at the Fulton County Jail. At approximately 8:00 pm I received a phone call from my tower officer saying, the residents in zone 500 wasn't happy with a LGBTQ man in dorm. I then went into zone 500 to see what was going on. I noticed inmate Jones, Seth BK#2413374 standing next to the phones. I explained to zone 500 that they cant dictate who can and who cant stay in the dorm. As I was exiting zone 500 resident Jones stated that he was not fucking stayin in here and rushed out of the zone while it was closing. I then used my Fulton County issued tasered x2900059 on resident Jones. The taser was affective. I then escorted inmate Jones to medical to which he was cleared. I then notified my Watch commander and awaited further instructions.
